

FWA Women of the Year

For 29 years, the FWA has honored distinguished women in both the public and private sectors for their achievements, leadership and professionalism. The FWA Women of the Year awards are presented in the spring at the FWA Annual Dinner, the organization's major fundraising event to benefit its nationally acclaimed scholarship, mentoring, financial literacy and summer training programs.

In 2013 a "Visionary" Women of the Year was honored with the Public and Private sector honorees.
