Sometimes in life, those who give back are recognized for their efforts.

Janet Zagorin, The International Alliance for Women's (TIAW) World of Difference 100 Award Winner

That sentiment is true in the case of FWA member and Client Service Officer at Sidley Austin LLP, [Janet Zagorin](#), recipient of the 2015 TIAW World of Difference 100 Award.

Individuals working to create a global community of economically empowered women were nominated from 54 countries from around the world. Janet, nominated by the FWA, was selected as part of this distinguished group of award winners. Besides being a member of the FWA, Janet supports the organization as a member of the Leadership Council, co-chair of the Global Agenda Committee, and member of the International Business Conference Planning Committee, through which she played an integral role in this year's conference in London.

"The FWA has discovered what we at Sidley Austin have known for some time now- Janet is an extremely talented and accomplished professional who makes a difference, both at our firm and in the community. We are truly proud of our association with Janet and congratulate the FWA on this outstanding selection," Larry Barden, chairman of Sidley Austin commented.

TIAW will be presenting the awards on October 22, in Washington, D.C. at a special gala dinner during the TIAW Annual Global Forum.
