

Wine & Design Paint Night

fwa.org/spotlight/wine-design-paint-night/

Executive women in the Long Island market gathered for an evening that was full of networking, wine, and art on Wednesday, February 25th! This event provided unique twist to “paint-night”, which allowed both members and non-members to express creativity while networking with each other. In addition to the great fun, all attendees went home with the masterpieces they created themselves.

Special thank you to all the attendees!
